Three simple steps to begin investing

"It's hard to know who to trust to look after your investments. At SCM Direct, our Founders invest their own money on the same terms as clients."

Alan & Gina Miller, Co-Founders

Born From Crisis, Built on Principles

SCM Direct was born out of the 2008 Global Financial Crisis and the Founders' desire to improve investor outcomes, challenge complacent investment thinking, and respect clients by being honest, ethical, and transparent.

We offer investors low-cost access to high-end wealth management without layers of inefficiencies, intermediaries, and hidden fees.

Our investment strategy is a hybrid actively-passive approach that aims to reduce risk through diversification whilst keeping costs to a minimum by using carefully selected Exchange Traded Funds (ETFs).
